During the renovation, we made green, energy-efficient choices wherever possible:

Westform metal roof

Weathershield blown cellulose insulation in attic, R50

Pacific Energy True North woodstove

Solido Perform flooring from Germany, excellent indoor air quality

Allied double-glazed vinyl windows

LG energy-star appliances

hardiplank siding

insulated crawlspace perimeter

all exterior walls insulated to 2x6" equivalent

American standard Cadet 3 low-flush toilet

It's a snug, efficient home, and it has an EnerGuide rating of 81.

And the raspberry patch produces gallons of fruit every year...
